

ASPIDA MAIL **PROTECTING YOU FROM FINES, ONE EMAIL AT A TIME.**

You need a partner that understands HIPAA. At Aspida, that's what we do. Our compliance experts have developed the premier solution for HIPAA Encrypted Email.

SIMPLE & STRAIGHT FORWARD

Why Do You Need It?

Aspida offers a comprehensive solution for HIPAA compliant email that includes encryption, archiving, retention and backup for six years with spam and malware protection. Simply put, Aspida takes the headache out of HIPAA Compliance.

How Does It Work?

Activation takes less than 48 hours. Update your mail records and begin sending secure emails! Aspida Mail requires no additional software to install or components to download. The webmail interface can be accessed from any browser and can be utilized from within Microsoft Outlook, Mozilla, or any client that supports IMAP, SSL & TLS. We provide easy instructions, phone support, and an easy to use knowledge base.

[THE ASPIDA EXPERIENCE] Flexible. Compatible. Affordable.
